

LET'S GROW LEADERS

David Dye Speaker Introduction

Do you ever wish your team had more energy, would get more done, or solve problems on their own?

Our speaker today will share clear tools that he promises will help you improve your team's morale, motivation, and productivity.

He is:

- An internationally recognized leadership expert and award-winning author of *Winning Well: A Manager's Guide to Getting Results Without Losing Your Soul*.
- David is a former executive, elected official, and transforms organizations that want to have global impact.
- As part of their Winning Wells initiative, he is building a clean water well in Cambodia in our honor.

Perhaps his greatest achievement, however, is that he once successfully matched every sock in three consecutive loads of laundry.

Please help me welcome speaker, author, (and his socks do match today...)

David Dye!
